PROFESSIONAL SUMMARY

Front-End Developer with extensive experience in Angular and a proven track record of delivering dynamic, user-friendly web applications. Adept at collaborating with cross-functional teams and implementing innovative solutions to improve performance and efficiency. Skilled in creating reusable components, enhancing productivity, and ensuring consistency across projects.

SKILLS

- **Programming Languages/Tools:** TypeScript, JavaScript, HTML, CSS, SCSS, Git, GitHub, Gitlab, Jira, Trello, figma, Cursor.
- **Frameworks/Libraries:** Angular (6–19), Rxjs, Angular Material, jasmine, karma, HighCharts.
- **Other Skills:** Unit testing, Team Collaboration, Agile Methodologies, Cross-Team Coordination.

WORK EXPERIENCE

Software Engineer

Private Circle | Fintech Company

Jun 2023 – Present

Project: Private Circle Research

Designed and developed the home page for a platform providing accurate private market data on listed and unlisted companies using **Angular 16**.

- Integrated **Restful APIs** to perform **CRUD** operations, ensuring seamless client-server communication.
- **Reduced** loading time of the press module by implementing **lazy loading** and added pagination to handle **large datasets**.
- Enhanced the filter component's performance and code quality by implementing **Reactive Programming**.
- Used the **BEM methodology** for structured CSS, **optimizing performance** and maintainability.

Project: Private Circle Library

Developed a **UI toolkit library** in Angular to improve development efficiency and consistency.

- Reduced development time by **50%** by providing modular, ready-to-use components.
- Ensured uniformity across multiple projects, simplifying maintenance and **scalability**.
- By integrating projects directly into the professional experience, this format highlights both technical skills and the real-world impact of the user's contributions.

Team Collaboration: Worked closely with cross-functional teams, including design, DevOps, and backend teams, contributing high-level ideas and inputs during discussions for new features.

- Participated in daily stand-ups, sprint planning, and code reviews to align with **Agile methodologies**.
- Managed team resources to achieve sprint goals within established timeframes.

Quality Assurance: Developed and maintained **comprehensive test cases** and documentation for projects and components to ensure robust and **error-free** implementations.

Senior Cabin Attendant

Indigo Airlines | Aviation Industry

Sep 2018 – Feb 2023

- Maintained compliance, showcasing precision, discipline, responsibility.
- **Trained and guided junior crew members**, showcasing mentoring abilities and leadership skills.
- Resolved conflicts empathetically, managing challenges with professionalism.

- **Adapted to schedule changes, delays, and disruptions**, demonstrating flexibility, time management, and problem-solving skills.

ACHIEVEMENTS

- Took ownership of the press module during the internship period, ensuring efficient development.
- Designed and implemented dynamic components capable of handling over **50 panels** with different content smoothly, ensuring scalability for future growth.
- **Optimized** the profile page loading time from **6 seconds to 1 second**, significantly improving the user experience.

EDUCATION

Government Women Engineering College

Bachelor of Technology in Electronics and Communication Engineering

Aug 2013 – Jun 2017

- Among the top ten rank holders in the department.
- Actively participated in various technical workshops.
