Skills _____

- React.js **|** Javascript **|** Redux **|** HTML **|** CSS **|** Bootstrap **|** Tailwind CSS**|** Material UI **|** jQuery **|** SCSS
- Figma **|** Zeplin

Experience _____

React.js Developer   We3.Tech(Motilal Oswal)   02/2024 - 05/2025

- https://invest.motilaloswal.com/riseapp_pilot/
- Contributed to a **high-traffic trading platform**, building features like **Reports, Watchlist, Market Depth, Index** and **Order Pad** using **React.js, Redux,** and **PrimeReact**.
- Developed **dynamic stock charts** with **Chart.js**, and enhanced user interactions through a custom **Kebab Menu** for quick trading actions.
- Designed and implemented a **responsive UI** for modules like **Global Search** and **Index Selection**, ensuring seamless performance across devices.
- Collaborated with cross-functional teams to deliver features with a strong focus.

React.js Developer   Zentech Info Solution   06/2023 - 12/2023

- **Bharat Freight** – myboatride.com
  Built a responsive boat ticket booking platform supporting bookings for people, pets, and vehicles.
  Developed both **Admin Panel** and **User Portal** using **React.js**, **Redux Toolkit**, **JavaScript**, and **Material UI**.
- **DigiTown Thane**
  Developed a tourism web app showcasing Thane's landmarks, history, and trending spots. Built using **React.js**, **Redux Toolkit**, **Material UI**, and **Bootstrap** for full mobile responsiveness; pitched as a concept by management.

Frontend Developer   Nvest Solution   07/2020 - 06/2023

- **ICICI Securities**
  Contributed to the Term Insurance calculator platform; worked on key modules like the Proposal Form, Input Page, and validation logic using **React.js** and **JavaScript** for frontend development.
- **AU Bank (Admin Portal)**
  Translated **Figma designs** into **pixel-perfect HTML/CSS**. Implemented **Apex Charts** for dashboard graphs and developed **data tables** to display user and quotation details.
- **PNB MetLife**
  Built and validated the **KYC form UI**, ensuring responsiveness using **Bootstrap** and maintaining a smooth user experience across devices.
- **SBI General**
  Focused on form validation and dynamic UI rendering; loaded and mapped **state/city data from JSON** to dynamically update form fields based on user selection.

Frontend Developer Intern   MoneyFrog.in   02/2020 - 06/2020

- **MoneyFrog -** https://moneyfrog.in/
  Worked as an Intern Front-End Developer with a total team of 5 people.Worked on the company website. During my internship period I used HTML5, CSS3 and Bootstrap4.

Education_____

Master of Computer Application   University Of Mumbai   08/2017- 06/2020

- Vivekanand Education Society's Institute of Technology
