📅 23 Sept 1998

PROFESSIONAL SUMMARY

Enthusiastic software developer with **4.3** years of experience participating in the complete product development lifecycle and successfully launched product. Experience in closely working with clients and cross teams to deliver quality work.

ORGANISATIONS

DIAMOND ADMINISTRATION INDIA PVT. LTD.

Sep 2023 – Jun 2025 | Mumbai, India

Frontend Developer

Horizon Financial & Properties Advisers LLP

Oct 2022 – Aug 2023 | Mumbai, India

Software Developer

Clouddesign Technology Solution LLP, SDE I

Jan 2021 – Sep 2022 | Mumbai, India

TECHNICAL SKILLS

Angular 10+, Angular Material, PrimeNg, TypeScript, JavaScript, HTML - CSS, Bootstrap, Syncfusion, Git, Rest API, Tortoise SVN, Laravel, MySQL

PROJECTS

GemApp WebApp, Intervention XSS Website, Global-KYC & Dashboard Project Sep 2023 – Jun 2025

UI development with Angular 10+, HTML5, CSS3, SCSS, JavaScript, Bootstrap, and PrimeNG. API integration, CRUD operations, and service integration. Reactive forms, HTTP Client for backend communication, and reusable Angular services for functionality across components.

Technologies Used: JavaScript, HTML - CSS, Bootstrap, Angular, Primeng, Syncfusion

Horizonfp Salesdashboard

Oct 2022 – Aug 2023

Developed and managed the Horizonfp Sales Dashboard, a portal for tracking sales metrics and performance. Handled Backend development API Integration using MySQL and Laravel. Handled end-to-end development, testing, and deployment processes. Implemented role-based access control for secure and personalized user experience. Built responsive dashboards with real-time data and interactive visualizations.

Technologies Used: JavaScript, HTML - CSS, Bootstrap, Angular, Material, Rest API, Laravel, MySQL

PaynearBuy & Avertle Ltts (L & T client)

Jan 2021 – Sep 2022

Worked on PaynearBuy, a payment-based platform with modules for ticket booking, mobile recharge, and utility bill payments, focusing on UI development and service integration. Contributed to Avertle (L&T client), a machinery-focused project involving dashboard development for real-time monitoring and analytics. Responsibilities included implementing responsive UIs, integrating APIs, and developing reusable Angular components for efficient module handling.

Technologies Used: JavaScript, HTML - CSS, Bootstrap, Angular, Material, Rest API

ROLES AND RESPONSIBILITY

- Develop dynamic, responsive, and scalable web applications using Angular (10+) with TypeScript, HTML, SCSS, and Bootstrap, Javascript, Angular primeng & Syncfusion. Convert UI/UX designs into interactive user interfaces with attention to responsiveness and cross-browser compatibility.
- Integrate RESTful APIs on the frontend to fetch and display real-time data efficiently.
- Build and manage reactive forms with complex validations, conditional logic, and dynamic field rendering.
- Create reusable components, services, and modules to maintain a clean and modular codebase.
- Perform thorough unit testing of components using robust frontend behavior.
- Participate in Agile development processes, including sprint planning, daily stand-ups, and retrospectives, with a focus on UI deliverables.
- Conduct load and performance testing of frontend features to ensure smooth user experience under varying conditions.

MEAN Stack Developer Course

Infinitech Training Institute

Sep 2020 – Jan 2021

EDUCATION

BSc (Information Technology)
Mumbai University

Aug 2016 – Jun 2019
Mumbai, India

R. J. College, HSC
Maharashtra State Board of Higher Secondary Education

Aug 2014 – Jun 2016
Mumbai, India

Shivner Vidyamandir, SSC
Maharashtra State Board of Higher Secondary Education

Jun 2014
Mumbai, India

LANGUAGES

English, Marathi, Hindi

INTERESTS

Coding, Listening Music, Learn new technologies and cooking
