WORK EXPERIENCE

Freelance Frontend Developer - Remote

Aug. 2023 – Present

- Developed custom websites using **React.js**, **Next.js**, and **Tailwind** CSS for clients across diverse sectors.
- Worked with a **MONO REPO** architecture, managing multiple projects within a single codebase to ensure consistency, streamline updates, and reduce redundant configurations across applications.
- Built reusable UI components and design systems aligned with modern UI/UX best practices and accessibility (WCAG) standards.
- Integrated **REST APIs** and handled asynchronous data fetching using **Axios** and **React Query**.
- Managed global state using **Redux**, **Context API**, and tools like **Zustand**.
- Wrote **unit and component tests** using **Jest** and **React Testing Library**.

Code B -- Software Developer- Mulund, MH

Jun. 2022 – July 2023

- Developed responsive web apps using **Next.js** and **TypeScript**, improving code performance by 25%.
- Developed data-driven, visually appealing websites using **React** and managing the state with **Redux**.
- Containerized applications with **Docker**, improving deployment speed and reliability.
- Implemented **CI/CD** pipelines for streamlined software delivery.
- Created interactive dashboards using **Highcharts**, improving data accessibility.

SuperFresh Aqua - Marketing Manager- Thane, TH

Jun. 2020 – April 2022

- Led digital marketing campaigns and began automating reports, which sparked interest in software development.
- Managed and coordinated teams to ensure smooth operations, reducing project completion times by 15% and enhancing overall departmental productivity.

Creative Valuers - Valuation Engineer - Navi Mumbai, MH

Oct. 2019 – May 2020

Tech Stack

- ▶ Languages & Frameworks: JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS
- ▶ State Management: Redux, Zustand, Context API
- ▶ DevOps & Tools: Docker, CI/CD, Git, Jest, React Testing Library, Highcharts

PROJECTS

React Portfolio - (prithvirajkawade.netlify.app)

- Designed and developed a responsive and visually appealing portfolio website using **React**, **React-Router** and other relevant technologies.
- Created smooth transitions, loading animations, and reusable component layouts.
